

Here to serve

A safe pair of hands

Hello!

This year, our family law team have experienced movement and change.

As our team have grown, so has our ability to become adaptable in the service of family law clients. We find our clients in the throes of working, raising a family and sometimes, find it time-consuming dealing with a family issue. Seeking legal advice can be hard to fit in.

Having identified this need, we are introducing extended hours for our family law clients, which include Monday, Wednesday and Friday from 8.30am - 6.00pm and on Saturday between 9.00am and 12.00pm. These extended times are available by appointment only.

In addition, we commenced a family law Facebook page, where we bring you our teams blogs', interviews and practical tips to help families navigate challenging times. If you have Facebook, Like us on '**Corney & Lind Family Law**'.

Our commencement offering is 50% off family law initial consultation fees (the discount translates to \$175 for a 1-hour initial consultation with one of our family lawyers).

We hope that these initiatives assist you, your family and your members.

We're committed to serving you well.
